CLIENT

Ideal Spaces Working Group

CONTEXT

The 'Architecture Biennale' is the world's most famous architecture related exhibition. It's held (as the name says) every two years, in beautiful Venice, Italy. In the context of our activities for the Ideal Spaces Working Group, we were tasked to create a sequence of 3D worlds.

SERVICES PROVIDED

- Exhibition concept co-development
- 3D world creation (manual and procedural modeling, lighting, ..)
- Video rendering (real-time graphics in Unity)
